# PHARMAHOLICS

2020 - 2021

Theme for “ENZO PHARMAHOLICS” 2020-2021 is **“Emphasizing  
Respiratory Health”**

Amidst the recent Corona virus outbreak, the world has started realizing the importance of the respiratory health.

Air is a vital need for survival. It tops all other requirements. But people all among the world have been diligent and poorly care about their lungs. Pollution is a major hazard that has been a peril of modern society. Every human action straight from industrial wastes to sophisticated vehicles have led to sharply decreasing quality of air, which is affecting humans in return.

Mortal factors like air borne diseases have not been looked into seriously so far, now the COVID 19 has taught people to thrive for lung health. Clear and pure is becoming the need of the hour! As pharmacists, it is our responsibility to place respiratory health at top notch and educate people on the same.

***“AIR is the utmost need for any living organism and LUNG HEALTH should top  
your priority too”***

## ENZO PHARMAHOLIC

ENZO is a popular word that originated from Italy. It simply means a leader or a ruler who guides a group ahead tackling obstacle. By naming this edition **ENZO PHARMAHOLICS**, we depict leaders who is exemplar in the field of medicine

We professionals in this field have a deep inner desire to inspire the external world in a high cause and to share their strongly held views on the ecstatic innovations of the held. We address ourselves as Winners or Rulers because we have diligently been a scrupulous person leading the on aware society paving ways of effective medications. The Pharmacist being pharmaholics have a craving thirst quenched only by knowledge and innovations in the following field.

Rich in wisdom and charm, ENZO is a deep thinker and their intuition guides them strongly. In the ancient society, they have been the most content as a teacher, philosopher, writer, psychiatrist, and fortune teller. They are always open towards learning and appreciate all of the arts. They are keen towards all of the finer things in life. Above all they trust the group work and condemn mistakes.

Their inclination is to pursue a line of work where you carry some level of responsibility and diplomacy is required in contact with people.

Thus, the pillars of medicines, leading a highly inspiring role in serving humanity is rightly termed "ENZO PHARMAHOLIC"

***"Each pharmacist is a leader of his own thoughts and will always be a vital part in leading a robust society"***

## **FROM THE STAFF ADVISOR'S DESK**

“Education is a weapon for the future, for tomorrow belongs to those who prepare for it today”

As the quotes go by education in KMCH College of Pharmacy is not merely gaining information rather it includes morals and values which help us improve the different facet of mankind. A fundamental role of our college education lies in shaping the personality of young people into a healthy mind and a happy soul. The academic curriculum provides the students education and serves as a gateway for professional career, whereas a balanced curriculum at college levels render students not only to gain knowledge, it also encourages one's creative thinking, prepares them to face challenges, helps them handle situations and creates opportunities. Therefore, as a faculty member in this reputed institute we try our best to inculcate knowledge, to make each youngster a balanced human being having core strengths embedded in the learning experiences emanating from our rich socio-cultural roots. As the advisor I have always observed the students hard work and they deserve appreciation. The students proved their strengths through their positive attitude of working together and exposed their best effort in bringing out this magazine. Our institution believes in the strength of the young generation as they are pillars of tomorrow's nation. We are fortunate to bestow a message through this magazine stating that success is a regimented action, practiced in everyday life. I am confident that the outcome of this magazine will pave way for changes and new outlook for our college. It was an incredible experience to work together with the students to nurture them outside the regular academic curriculum and I am grateful to all the students who have made this magazine successful and I am optimistic that this magazine will pave a new outlook of inspiration to the college. Amidst the glorious success we persuade our students to always be modest, humble and disciplined, while being ready to expand the horizons of their knowledge and skills by dreaming big and working hard. I wish grand success in all their endeavors.

with regards,  
magazine staff advisor

**Dr. K. K. Sivakumar**

## **FROM THE EDITOR'S DESK**

People say world is a stage, I personally believe that a piece of paper can act as a stage as well. Being a student always requires something beyond the curriculum. We are encouraged in showcasing our unique ability that does not limit within the textbooks. KMCH College of Pharmacy has been nurturing such young talents.

As a part of establishing the creativity of fellow students, we have come up with the college magazine – PHLUZIR “ENZO PHARMAHOLICS” for the year 2020-2021. ENZO is a compilation of creative thoughts and pure talents.

The universe starts with a spark. The management of KMCRET has been a spark for us to work on this magazine.

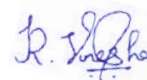

I thank, Dr A Rajasekaran M.Pharm., Ph.D., for his continuous support and motivation throughout the year.

Success is a magic that needs trust more than tricks. This would not have been possible without our advisors – Magazine Committee, Dr K K Sivakumar, M.Pharm., Ph.D., and Dr N Tamilselvan, M.Pharm., Ph.D., They always trusted our decisions and helped us leap each obstacle that could have stopped us.

I also express my gratitude towards all the teaching and non-teaching staff for their timely help.

The year has been limiting in each and every aspect. Despite of spending months under lock down, we managed to give our best outcomes by all means. This magazine is absolute only because of the fellow Magazine Committee members, who gave their best and worked so hard in the minimum period of time available. I will always be proud of my potential team.

ENZO is now a reality only because of the unflinching support of students.

## TIP OF THE DAY

Stop being so hard on yourself  
Your're doing the best that you  
Can and there's no time limit on  
When you have to have things  
Figured out. As long as you're  
Putting in the work and actually  
Trying, you're doing best.

## KERALA FLOODS

I went to play; Then came rain.  
We ran back home; my game in vain.  
The rain never stopped but stopped the trains.  
At paddy fields; it ruined the grains.

Rain didn't end, poured several round.  
To find our home, we digged the ground.  
I was scared by the thunder sound.  
The rain kept killing people around.

The rivers of keralableeded red,  
With water, plastic and dead.  
Mighty mountains reduced the sand,  
Now, dirty water surrounds the land.

This rain left me a poem to tell,  
How God's country became a hell!  
"BE UNITED" – I would tell,  
I wish, "ALL IS WELL THAT ENDS WELL".

## STORY OF A POEM.

Once she wrote beautiful poems, poems that had wings to fly. Meanwhile, he tied a knot with her. He, the Man! She got shifted to a new place and thus a new chapter begins.

Time flew, she wore the crown of motherhood one day and watched how the baby grew up each day. Happiness lighted in the room. Days passed, making her more fit into the room every day. Her mail inbox got filled with job offers from many famous firms from around the world.

But she had neither time nor space in her thoughts to allow her dreams to dwell neither he asked her about those stagnant lines that were born in her kitchen and hidden under her wings. Wings! Which once flew so high!

One fine day, the words, rhymes, stanzas and metre were baked and cooked in her kitchen with her most favourite flavours. And finally, the delicious steaming dish was served for her beloved on the dine... It had that sweet aroma of the newly fresh pages of a poem book.

## HOPE

Hope is a flapping kite  
tethered to a child  
Playing that it  
doesn't fly away.  
Hope is concrete  
strong an slowly breaking  
every day being hit by  
a sledge hammer of hate.  
Hope is the sun on a cool summer day  
warmly cradling you  
in the cool atmosphere  
helping you see through the darkness.  
Hope is seeing children befriend each other  
Not judging based on appearances  
Unlike people of society  
Spreading hate to all!

## MY FATHER..., MY HERO

Dad, you're my hero...in so many ways,  
and I am so grateful to you,  
I have respect for the man that you are,  
and the kind-hearted things that you do.  
You have a heart " as big as an ocean".  
A ' soft side' you don't often show,  
All of your life you worked for your family,  
You taught me.. and helped me to grow.  
All of my life, Dad I will be thankful,  
That I had a father so true,  
I never had to search for a hero,  
The hero in my life was you.

## SMILE

Smile is contagious...  
It is free of cost...  
It comforts the weary...  
It gladdens the sad...  
It consoles those in trouble...  
It's free to all of any belief...  
It's a natural gesture of all...  
Cheers the faint disarms the bold...  
Smile is the thing we keep  
Even after we give it away...

## SHADOWS OF MY LIFE

Holding my hands and fingers tight  
You welcomed me to a place so bright  
It's through you I know the world  
It's through you I see and learn

Walking through the woods of life  
I see the light spread by you  
The waves of sea vast like you  
Turning my life true from hue ..

You fought and strove, to give me shade  
From those dark hands who make me fade  
Wherever I go, you follow me,  
Giving shade like a tree ...

Dear mom and dad, you truly are  
An epitome of love I've seen so far  
The ideal idols of my life  
Who welcomed me to the garden of life ..  
You're the reason, I still believe  
I promise you, I will be there  
Being the reason of my smile  
The two guiding shadows of my life

## BEING MYSELF

Everyone says I should be nice,  
But I think I should be wise,  
Everyone says I'm mysterious,  
But I won't take it serious,  
Everyone says I'm mad,  
But that lie makes me glad,  
Everyone tells me to be mild,  
But I'll always be wild,  
Everyone says to "Be Yourself",  
But I just like being myself.

## SUCCESS ALWAYS COMES WITH A FAILURE

“Failure is unimportant, it takes the courage to make a fool of yourself” – Charlie Chaplin. Thomas Alva Edison, a famous American who failed 10,000 times to invent commercially a electric bulb. But he didn't give up. He tried till he succeeded. He said success is always my grasp. Even the famous Bill Gates, he didn't seem like shoe-in for success after dropping out from Harvard and started a failed business with Microsoft co-founder Paul Allen called Turf-o-data. While this early idea didn't work. Gate's later work did, creating a global empire that is Microsoft. Not just them there are many famous personalities who succeeded from their failures. Failures are like stepping stone to success. But many of us stop when hard time comes. But we just have to ignore them and move ahead. Success will give us the over confidence and it may lead to failure. But failures are like our next upcoming challenges to success. We all are having the will of fire inside us. But we don't utilize it because of the fear inside us. We just have to concentrate on our target and if we willing to work hard, no matter whatever happens we will achieve it. There is a great hope inside deep in every man. The people around us may make fun of us and tease or even force to stop us from our goal. But we just have to think only about our goal and move ahead. We have to be ambitious from an early age. A life without any target is the actual failure. There may be obstacles coming ahead the path of our success which make us lazy. Move them all aside and just focus only on our goal. No matter how many times or how much we fail, try and give our level best. When success comes the people who teased us with respect us. Whatever comes never give up in

## YOU AND ME

You and me are like the two strands of DNA – anti-parallel but complementary. My adenine be mine, for I am thymine and we can be a base pair.

We are a covalent bond from my electron to yours our element is balanced. Even if you are a virus, I have plenty of cells to spare. Take them, eat them and be well.

As ones who's endothermic, I sincerely need your warmth.

We go together like the strands of nucleotides in DNA. Prophase to metaphase to anaphase to telophase to the end, a growth of love.

With every cardiac myocyte of my being I will love you forever.

எதிர்வரும் விழாக்களை ஒருங்கிணைக்க சிலர்,  
இரண்டிலும் சேராமல் சிலர் என நகர்கிறது நாட்கள்.  
நூற்றுக்கணக்கான நபர்களோடு நடந்த வகுப்பெல்லாம்  
சிதறிக்கிடக்கிறது விருப்பப் பாடத்தின் கட்டாயத்தில்  
கக்கனில் கூட்டமாய் கூச்சட்டை நாட்கள் மறைந்து  
அவரவருக்கு பணி பிரித்தாயிற்று செயலாளரின் உத்தரவில்.
